In 2019-20, there was no project work

Because in the 2019-20 final year batch followed the CGPA pattern and, according to the syllabus of NMU Jalgaon, this batch did not have project work in the final year. This is because the batch had already completed their project work in the third year (i.e., in 2018-19).

In 2019-20, the PCI pattern batch entered the third year and completed their project work during their final year. (i.e., in 2020-21)

Hence, in 2019-20 there was no project work.
